

Bond Oral Surgery - Insurance and Financial Policy

Thank you for choosing our practice to take care of your Oral Surgery needs. Bond Oral Surgery makes every effort to deliver the finest care at the most reasonable cost to our patients. We must emphasize that as a medical care provider, our relationship is with you, not your insurance carrier.

We know that the cost of care can be confusing. We are happy to help you navigate your dental/medical insurance and give you an estimate of the fees for any procedure or surgery. If you have dental and/or medical insurance, we will be happy to submit insurance claims for you. Our office will work hand in hand with you to maximize your insurance reimbursement for procedures that are covered under your policy. In order to properly submit claims to your insurance company, we require that you disclose all insurance information. ***Insurance is a contract between you, your employer and your insurance company. Your contract specifies what procedures are covered and how much benefit is assigned for any given procedure.***

Please remember that insurance is considered a method of reimbursing the patient for fees paid to the doctor and is not a substitute for payment. Some companies pay fixed allowances for certain procedures and others pay a percentage of the charge. ***All dental fees are the responsibility of the patient and payment is due the time services are rendered.***

We accept cash, check, most major credit cards and third-party financing with CareCredit. This financial policy helps the office provide quality care to our patients. If you have any questions or need clarification of any of the above policies, please feel free to contact us.

RETURNED CHECKS

The charge for a returned check is \$25 payable by cash or money order. This will be applied to your account in addition to the insufficient funds amount.
